

ABOUT RIADCO

We are a pioneering company that has made a difference in the industry since 1981. We have found innovative solutions for organizations' latent and future needs by studying work environments and embracing new ways of working to create long-lasting solutions that bring people, space, and information together. Riadco is known for its revolutionary concepts, blending architectural power, mechanical engineering delicacy, and insightful business sense to reimagine possibilities for domestic and international projects.

OUR PRODUCTION

The endless production capabilities begin with a workforce of 500 skilled employees operating three state-of-the-art plants dedicated to woodwork, metalwork, and upholstery; ensuring top-quality production to meet the diverse needs of 57,530 loyal clients. Riadco has an extensive showroom network comprising a total of seven locations, panning over 50,000square meters, guaranteeing utmost dedication to delivering superior craftsmanship and innovative designs.

RIO

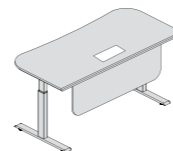

Designed for contemporary work environments, CUBE is perfect for individual offices or team meetings. It's also ideal for activity-based workplaces where there is collaboration. With a special system for bench solutions, additional work areas can be easily arranged. The collection offers elegant designs and various laminate tabletop finishes. Discover the complete Cube collection that combines functionality with a cohesive aesthetic.

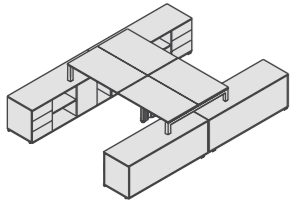

RIO

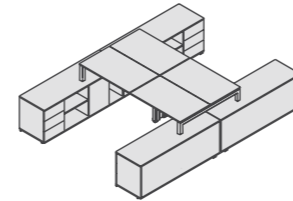

DESIGN BY
RIADCO DESIGN STUDIO

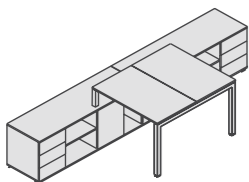

CLOUD consists of a desktop, a base, two columns, and two T legs. The electronically height-adjustable cloud workstations provide three different types of electrical controllers to choose from and even though they have varied features and qualities, all of the workstations have a similar appearance.

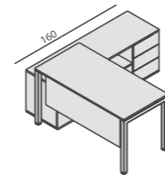

Fundamental, functional and flexible system. The desk and bench can be self standing on four legs or connected to a service unit allowing storage at your fingertips and a totally hidden cable management thanks to the front panel. Available in different configurations, favouring an organized workspace with a high level of comfort.

These workstations are designed with a shared layout making them perfect for accommodating accessories and creating an efficient and productive work environment.

Scrivanie perfettamente integrate con speciali contenitori. Soluzioni progettate per ottenere superfici ampie e spazi di stoccaggio comodi e capienti. Isole funzionali che suddividono e caratterizzano lo spazio creando postazioni di lavoro autonome ispirate a criteri fortemente operativi.
