workplace harmony

ABOUT RIADCO

We are a pioneering company that has made a difference in the industry since 1981. We have found innovative solutions for organizations' latent and future needs by studying work environments and embracing new ways of working to create long-lasting solutions that bring people, space, and information together. Riadco is known for its revolutionary concepts, blending architectural power, mechanical engineering delicacy, and insightful business sense to reimagine possibilities for domestic and international projects.

OUR PRODUCTION

The limitless manufacturing capabilities begin with a workforce of 500 skilled professionals operating 3 organized and efficient plants, spanning over 50,000 sqm, dedicated to wood panel, metalwork, and upholstery; ensuring high production rates to meet the diverse needs of our clients. Riadco has a vast network of showrooms across Egypt while distributing globally, guaranteeing utmost dedication to delivering exceptional craftsmanship, innovative designs, and quality.

Universal Cabinets

Universal Cabinets

The Universal Cabinets collection is crafted to address a wide range of storage requirements, allowing for seamless integration into any setting due to its diverse array of finishes. The sleek design of the cabinet doors can be enhanced with optional finishing panels, top, bottom, and side components that extend 18 mm adding a sophisticated touch and creating a distinctive ambiance.

TRA - W4 - LD

Featuring clean lines and a sleek design, the doors of the Universal Cabinets can be enhanced with optional finishing panels that protrude 18mm, adding an elegant frame that brings character and sophistication to any space.

TRA - W4 - LD

The Universal Cabinets come equipped with hinged doors, offering a versatile modular storage system. They feature a soft-close mechanism and 110° opening angle, which is adjustable on all three axes. Also, these hinges are certified for an up to 80,000 opening and closing cycles, ensuring longevity and resistance to tear.

TRA - W4 - LD

Beyond hinged doors, the collection also includes filing drawers designed with “over-extension” and “heavy-duty” rails, which support a weight capacity of up to 50 kg, and feature soft-close mechanisms or internal frames suited for organizing suspended files.

With five height options and two width choices (400 mm and 800 mm), and a selection from five distinctive handles, each cabinet could be tailored to match various aesthetic preferences and functional requirements.

Additionally, all doors, including the glass options, feature a standard lock with rotating rods to ensure safe and secure closure. For added security, an optional encrypted locking mechanism is available.
